

2010 International Conference on Machine Learning and Cybernetics

InterContinental Qingdao, Qingdao, Shandong, China

11-14 July 2010

Call For Papers on Invited Session *"Smoothing Support Vector Machine"*

In order to get high quality papers, we invite you to submit paper to Invited Session on Smoothing Support Vector Machine in International Conference on Machine Learning and Cybernetics (ICMLC) 2010.

Description

The aim of this session is the basic theory, smoothing methods, optimization and applications of support vector machine. Researchers from these areas are encouraged to submit papers to present their work related to smoothing support vector machine. Submissions will be evaluated on the basis of their innovation, relevance, scientific contribution, and presentation.

Topics of Interest

- Mathematical modeling of support vector machine
- Neural networks and Approximation Theory
- Optimization and optimal control of support vector machine
- Neural nets and support vector machines
- Mathematical and computational analyses in support vector machine
- Other related topics.

Important Dates

Submission Due:	31 March 2010
Notification of Acceptance:	15 April 2010
Camera-Ready:	24 May 2010

Paper Submission

Authors must submit an electronic copy (in word or pdf) of their complete manuscript directly to the Session Organizer (yuan_yubo@163.com) on or before 31 March, 2010

Organizer

Prof. Yu-Bo Yuan
China Jiliang University, China
(yuan_yubo@163.com)

**** All papers will be searchable by IEEE Xplore (<http://ieeexplore.ieee.org/>) ****
**** All papers will be submitted for indexing to EI Compendex ****
